- written response

Single family residence

8430 S. Burnham fl 1

Acct.# 7-5000 2158-2728

2 flat with separate heating.

Ms. Kelando:

Dear Mr. Katherine Donofrio

This is a written response to your correspondence from the State of Illinois Commerce Commission.

1. My deceased husband's name was Willard Wilson. My name is Willie Wilson.
2. My issue with you is still: I applied for the LIHEAP program and was awarded An amount to be applied to my residence.

The building at 8430 S. Burnham is rental property that has individual heating.

The tenant left owing Peoples Gas—you used my LIHEAP award to pay

That outstanding debt—which I did not incur.

My understanding is that you would not charge me for a bill that I did not make

After he moved, I thought it appropriate to keep the heat on under my name

Until another tenant was found. It was only under my name W. Wilson while

It was vacant.

The 1st fl. apartment has been rented twice—and the utility services was their Responsibility.

After reveiwng several billing from Peoples Gas I see that you are continuing To charge my account with the balance owed of the rental property account, that was the sole responsibility of the tenants living there.

I am very distraught. I have difficulty renting out these apartments because Peoples Gas will bill my new tenants with an outstanding debt— not incurred by them.

It is my understanding that I have done everything I am supposed to do—and certainly everything I can afford to do. I am a handicapped senior on a fixed income. I pay my debts in a timely manner. I own property that has individual heating units and the tenants are responsible for their own heat.

I do not understand how Peoples Gas can keep charging me . I would like to see this issue resolved –

- 1– By not charging uncollected debts to my account from a tenant's gas account
2. A new meter for new tenants
3. This should insure that this issue does not keep reoccurring.

Thank You

Willie M. Wilson
